# Welcome Message

Warm Greetings from Burjeel Holdings!

President of the conference, honorable speakers, distinguished guests, members of the scientific and organizing committee, ladies and gentlemen.

On behalf of the entire Burjeel Holdings family, it is an honor and privilege to welcome you to the **2nd International Burjeel Holdings Nursing, Midwifery, and Allied Health Congress**, scheduled to take place from **November 9th to 11th, 2023 at the Abu Dhabi National Exhibition Centre (ADNEC)** in the dynamic city of **Abu Dhabi, UAE**.

We are privileged to host this prestigious gathering, united by the theme **"Empower, Excel, Sustain."** This theme succinctly captures our vision for the future of healthcare. Our aim is to equip professionals across the nursing continuum, midwifery, and allied health sectors with the knowledge and skills necessary to achieve excellence and uphold the highest standards of care.

This congress stands as an ideal platform to exchange ideas, share knowledge, and showcase recent advancements. We encourage you to fully engage with the scientific presentations, including plenary sessions, keynote speeches, special lectures, and interactive panel discussions. These sessions provide an unparalleled opportunity to learn from luminaries in the field, draw inspiration from their journeys, and participate in thought-provoking deliberations.

Moreover, the Burjeel Holdings Conference offers a unique networking arena, facilitating connections with peers, industry leaders, and innovators from around the globe. Through the exchange of evidence-based practices, practical experiences, innovative concepts, and emerging trends, we aspire to collectively address the critical issues within this vital sector.

We firmly believe that the unity of our profession is our cornerstone, and our shared dedication to enhancing healthcare fuels our strength. We eagerly anticipate your active involvement in this congress, fully confident that the insights gained and connections established will substantially contribute to your professional advancement and the evolution of global healthcare.

Once again, we extend a warm welcome to the 2nd International Nursing, Midwifery, and Allied Health Congress. We are enthusiastic about the opportunity to connect with you and embark on this journey towards 'Empowerment,' Excellence, and Sustainability in Healthcare.

## Welcome Note

Dear Esteemed Delegates,

On behalf of Burjeel Holdings, it is my great pleasure to welcome you all to the 2nd International Nursing, Midwifery & Allied Health Congress. This distinguished event, scheduled from 9th to 11th November, 2023, will take place at the prestigious Abu Dhabi National Exhibition Centre (ADNEC).

The aim of the congress is to create a global platform that fosters collaboration, innovation, and knowledge-sharing among healthcare professionals and espouses Burjeel Holdings' vision of enhancing patient care and advancing clinical practices.

Through a rich array of workshops, presentations, and interactive sessions, the congress aims to support professional development, and networking among nursing, midwifery, and allied health experts from around the world. It will empower you to share your experiences, challenges, and breakthroughs. By bringing together experts, and thought leaders, we believe this platform provides a collaborative environment leading to innovation, knowledge sharing, and lifelong learning.

As you engage with peers and luminaries in the field, anticipate a plethora of outcomes. Expect to leave with heightened expertise, novel perspectives, and a refreshed enthusiasm and collectively envision a future where healthcare knows no bounds. Your presence and active participation will undoubtedly enrich the congress and contribute to the success of this international gathering.

On behalf of Burjeel Holdings, I wish you all a memorable and fruitful experience.

Thank you once again for joining us, and we look forward to a remarkable event filled with knowledge, collaboration, and progress.

Warm Regards,

## Special Sessions

### Leadership Majlis - Navigating the Future

The **Burjeel Holdings Leadership Majlis** presents the opportunity to link a diverse and persuasive think-tank network of individuals and organizations who have a proactive interest in global affairs and who value the opportunity to share, debate and develop ideas on critical national, regional & international issues in the health care sector.

The strategic dimension of this Leadership Majlis will be carried out via thought-provoking conversations and key stakeholder dialogue on their recommendations for the future of healthcare in the UAE and internationally.

**The strategic dimension of the Leadership Majlis will address the following:**

- Post-covid impact on the healthcare system mainly on the health care workforce
- Healthcare disruptors, AI and the impact on patient care
- Data-driven care: data modelling and its accuracy in addressing the healthcare systems, mainly during disasters
- Healthcare workforce sustainability within a global shortage, specifically in nursing.

Finally, the Leadership Majlis will address the changing tides of healthcare in the UAE and how we can encourage Emirati Youth to enter both the public and private health sectors.

**This is an "Invitation Only" Event:** With a room capacity of up to 60 participants, this group will bring together a unique mix of CEOs, C-suite executives, policymakers, academics, and world-class healthcare thought-leaders from around the world. Participants will be invited through a careful selection process who will be notified via personal invitations. Requests to attend the Leadership Majlis will be reviewed in detail to ensure the exclusivity and seniority of participants is maintained. Please contact [SCNM@burjeelholdings.com](mailto:SCNM@burjeelholdings.com) if you are interested in participating in the Leadership Majlis.

**Exclusive Location:** As a first-of-its-kind meeting space in Abu Dhabi, **'The Hive'** is a unique concept where innovation and design converge to enhance the outputs of business events. It has been developed to offer a vibrant environment for meetings and events specifically designed to encourage attendee participation and in turn maximize the outputs of face-to-face engagement.

**Private Format:** Held under Chatham House Rules, the Burjeel Holdings Leadership Majlis will be facilitated by a seasoned moderator, hosted by an industry thought leader and promises to be a highly interactive facilitated brainstorming process to nurture ideas and solutions about the set topic and offer fresh and objective perspectives.

## Special Sessions

### Leadership Majlis - Navigating the Future

## About Abu Dhabi

Abu Dhabi is the largest emirate in the United Arab Emirates, occupying 84 per cent of the national landmass territory. It has 200 islands and a long coastline stretching 700km. Its total area is 67,340 sq. km. Abu Dhabi city in the emirate is the federal capital of the UAE.

### Population

According to Abu Dhabi Statistics Centre The estimated population of the emirate around mid-2016 was 2,908,173 (comprising 1,857,618 males and 1,050,555 females). 551,535 were UAE nationals and 2,356,638 were expatriates. The average annual population growth rate for the years from 2010 to 2016 was 5.6 per cent.

### Location and geography

The emirate of Abu Dhabi lies on the coast of the Arabian Gulf and is bordered by Sultanate of Oman to the east, the Kingdom of Saudi Arabia to the south and the west and the emirate of Dubai to the northeast. The three main regions of the emirate are:

- the city of Abu Dhabi
- Al Ain in the east
- Al Dhafrah (earlier known as Al Gharbia) in the west.

In the eastern region, to the south of Al Ain city is Jebel Hafeet - the emirate's highest peak (1,240 metres).

Al Dhafrah has seven main cities: Liwa, Madinat Zayed, Ghayathi, Ruwais, Mirfa, Sila and Delma Island.

The city of Abu Dhabi is connected to the mainland by four bridges: Maqta bridge, Mussafah bridge, Sheikh Zayed bridge and Sheikh Khalifa bridge.

### Economy

Over the recent decades, the emirate of Abu Dhabi has undergone a significant transformation in economic growth. Due to the vision of Abu Dhabi's leaders and the abundance of oil and natural gas reserves, the emirate has grown to become a dynamic hub and major competitor on the global stage. While recognising the success of the oil sector, Abu Dhabi is working hard to reduce its hydrocarbons reliance and broaden the emirate's economy. Investment in infrastructure, tourism, transport, health and education is continuing, in line with the government's 2030 economic plan.

Tourism is playing an integral role in Abu Dhabi's economic development. Major investment in new luxury resorts and business hotels is underway. Abu Dhabi has many things to offer to its visitors and residents: a versatile landscape, thriving investment hub, and a friendly environment boasting one of the highest per capita incomes and one of the lowest crime rates in the world.

### Touristic importance

Abu Dhabi has become a centre for world-class sporting events such as: the Abu Dhabi Golf Championship, the prestigious Abu Dhabi Desert Challenge cross-country rally and the Formula One Abu Dhabi Grand Prix.

In addition, the city will soon house the world's largest concentration of premier cultural institutions which will include the Sheikh Zayed National Museum, the Guggenheim Abu Dhabi and Louvre Abu Dhabi.

Abu Dhabi is rich in natural wonders too. While the emirate's famous Liwa oasis in the south of the emirate is home to some of the largest and most beautiful sand dunes in the world, the garden city of Al Ain in the foothills of Jebel Hafeet is home to several heritage sites.

### Ruling family and governance

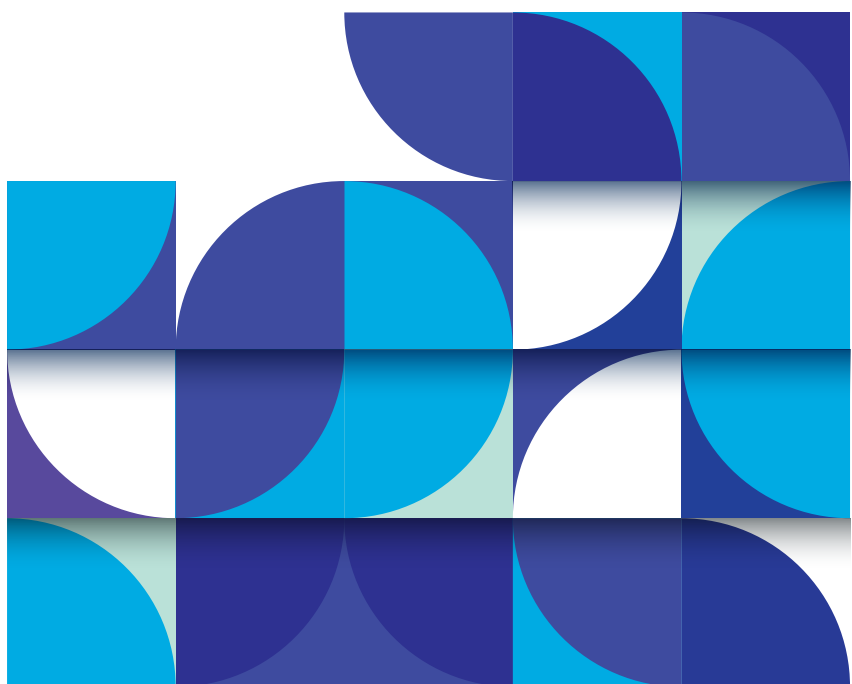

Abu Dhabi is ruled by H. H. Sheikh Mohamed bin Zayed Al Nahyan, who is also the President of the UAE since 14 May 2022.

The ruling Al Nahyan family descends from a sub-section of Bani Yas tribe, known as Al Bu Falah. They originally lived in the Liwa oasis and settled in Abu Dhabi in 1793 where they lived in Qasr Al Hosn for almost two centuries.

Abu Dhabi has an Executive Council, under which separate departments function like ministries. It also has several autonomous agencies with clearly specified powers and a 60-member National Consultative Council comprising representatives of the main tribes. Al Ain and Al Dhafrah regions of the emirate and its oil terminal of Das are headed by the rulers' representatives, while its main cities, Abu Dhabi and Al Ain, are administered by municipalities. A municipal authority for the western region has been created.
